

MC 7P is renowned industrial quality in an ergonomic design

Innovative premium class cold water pressure washer with ergonomic and robust design, renowned industrial C3 pump and optimal service concept.

The MC 7P FA industrial class cold water high pressure washer combines the renowned lifetime and quality of the C3 pump with optimal ergonomics to bring an unbeatable heavy duty pressure washer for the most all-round and competitive range of heavy duty pressure washers for agriculture, cruise and shipping, transport sector and food industry.

- C3 4 ceramic piston pump with 185°F inlet temp
- Tough and sturdy design with 1-1/8" steel frame
- Optimal storage and transport with foldable handle and easy lifting points

- High mobility with large rear wheels and front caster wheel with brake
- Easy accessibility to pump, optimal service concept
- Flow activated control system
- Low pump oil safety function
- Water flow regulation on pump

TECHNICAL SPECIFICATIONS

Description	MC 7P-2300/5	MC 7P-2800/5.5
Item no.	107146808	107146814
Pump pressure (psi)	2300	2800
Water flow (gpm)	4.6	5.2
Water flow Max (gpm)	5.0	5.5
Max. inlet temperature (°F)	185	185
Motor Horsepower	7.65	10.87
Cleaning impact (approx lb @12")	12	14
High pressure hose (ft)	50	50
Power cord (ft)	35	35
Voltage/phase/current (V/Ph/A)	230/1/28	230-460 /3/ 24/13
Power frequency (Hz)	60	60
Dimensions L x W x H (in)	30.5 x 23 x 40	30.5 x 23 x 40
Weight (lb)	198	201

The MC 7P is still equipped with the renowned, industrial class, C3 pump based on a tough 4 piston pump construction, double roller bearings, flow activated control system and 1750 rpm motor. Capable of accepting inlet water up to 185°F, the C3 pump has also been tested in the field using salt water: it is clearly up to even the harshest uses.

The result for you is better distribution of the workload in the pump, which reduce machine vibration and gives you a smoother performance.

This is the ultimate industrial pump
